1534. [Ezekiel] ROBERTO REGGI (ed.), *Ezechiele. Traduzione interlineare italiano* (Bologna: EDB, 2009). Pp. 128. Paper €12. ISBN 978-88-10-820066-7.

Part of a larger, ongoing project, this volume provides the MT of the Book of Ezekiel plus an interlinear Italian translation. At the bottom of the page, one finds the CEI translation of the Ezekiel segment cited on the given page. Underlinings are used to highlight differences between the CEI rendering and R.'s literal translation of the MT, such differences being due, e.g., to the CEI's following the LXX, etc. rather than the MT in a particular instance.—C.T.B.
