2252. [Leviticus] ROBERTO REGGI (ed.), *Levitico. Traduzione interlineare in Italiano* (Bologna: EDB, 2010). Pp. 81. Paper €9.80. ISBN 978-88-10-82072-8.

Part of an ongoing publication project, this volume provides an interlinear Italian translation of the Book of Leviticus, together with the official Catholic CEI translation at the bottom of the page. Underlinings are used to indicate the occasional differences between R.'s translation of MT Leviticus and that of the CEI, due, e.g., to the latter's preference for the LXX's reading in a given instance.—C.T.B.
